

HEA Services

CAPABILITY STATEMENT | Reading and ELA intervention with a scoped mathematics tutorial add-on

WHAT HEA DELIVERS

HEA Services adds focused instructional capacity through school-directed, small-group support. Schools identify the students, schedule, priority standards, and available baseline evidence; HEA provides aligned instruction, materials, progress checks, school-facing reporting, and recommended next steps.

CORE: READING AND ELA Foundational reading, fluency, vocabulary, comprehension, written response, academic recovery, and priority ELA standards.	ADD-ON: MATHEMATICS TUTORIALS Standards-aligned mathematics support can be added when a school scope identifies a defined learning priority and qualified delivery capacity.
IMPLEMENTATION Student grouping, lesson execution, attendance and participation records, exit tickets, and school coordination.	REPORTING Skill summaries, progress trends, leadership notes, and recommendations for reteaching, regrouping, continued support, or expansion.

SELECTED RECENT ENGAGEMENTS

~250	learners supported	5	school-based engagements	60	summer-program students
15	community partners	10	volunteers coordinated	5	staff members coordinated

Selected recent work only - not lifetime totals. Categories use different units, may overlap, and are not additive.

ENGAGEMENT STRUCTURE

School-customized schedules can include tutorial, intervention, pull-out, after-school, enrichment, or short-cycle blocks. Group size, frequency, staffing, deliverables, travel, and pricing are matched to the actual school or district opportunity. Each cycle closes with evidence leaders can use, rather than only a service log.

EXPERIENCE AND DELIVERY APPROACH

The professional experience behind HEA includes classroom teaching, school leadership, K-12 curriculum development, district consulting, direct intervention, summer-program operations, staff and volunteer coordination, and school-facing reporting. Associates are matched to the assignment by content area, grade band, licensure, experience, availability, and school requirements.

PROCUREMENT AND NEXT STEP

MSCS/SCS Vendor ID 937066	Tennessee Edison Supplier ID 0000301237	Proposal approach Scope, staffing, deliverables, reporting, travel, and pricing matched to the opportunity.
